2008 Round Up at Peoria

Sunday, 15 June 2008

First, I want to say that Dave and Donna Giudici put on a real "Doins"!! They went to a lot of work and trouble and the folks that came really appreciated it. This was the first Round Up that my wife and I had been able to attend, and we weren't real sure how we would be accepted. Well, I want everyone to know that the Horsemen and their wives treated us like family. We were only able to be there for one of the three days. But it was the best time that we have had in a long time. Greg MacDougal, Tom Gallagher, Jim Hodge, and George Eyestone,Dave Giudici and their wives are a really GREAT bunch of people. We laughed more in that one day than I think I have ever laughed in one day, before. By talking with these guys, I also learned a lot about what the AF has been doing to improve REDHORSE, since I was in it, back in 70-71. Man, there's been a lot of changes!! I'm glad that there are some fine younger troops to carry on the tradition. May God be with all of you. There were a couple of stories that were told, at the round up. Oh, alright Greg, I won't pass that one around. LOL. But it sure brought tears to my eyes, laughing!! Anyway, I can assure you that my wife and I WILL be attending more RH functions. As many as time and money will allow, anyway. Dave & Donna, THANK YOU for such a GREAT time.
