

About Us

Friday, 18 May 2007

Established in 2001, the REDHORSE Association is a group of past and present members of the US Air Force Prime BEEF and RED HORSE combat engineer units. The organization is operated by volunteers donating hours of work to help plan reunions, prepare and mail our quarterly newsletter and maintaining this web site.

Dues monies are used to maintain this web site, sponsor periodic Association reunions and when funds become available, to sponsor programs to help the RED HORSE and Prime BEEF community.

Any past or present member of RED HORSE or Prime BEEF, or members of their families are eligible and encouraged to join.
